Re: Sand Court Experts Letter of Recommendation

To: Whom it may concern

On behalf of the Board of Directors of the Islands of Cocoplum Homeowner's Association, I would like to provide a letter of recommendation for Mr. Robert "Butch" Hendricks and Sand Court Experts. The Islands of Cocoplum is an exclusive, private, gated, luxury, waterfront community of over 300 homeowners in Coral Gables, Florida. Butch was the contractor for our brand new amenity, a state of the art premier beach volleyball court.

We contacted Sand Court Experts because of their years of experience and reputation as being leaders in beach volleyball court construction. We couldn't be more pleased with the results and our experience in working with them.

I explained to them our vision of the project. We wanted the court built to blend in and be in harmony with the lush natural landscape adjacent to our clay tennis courts. It was June, and we also wanted it built quickly so the residents could have plenty of use over the summer. We wanted a great product built with good quality sand. They fulfilled all our requests.

In addition, they were very flexible to work with when unforeseen situations came up. They were professional, courteous, and a pleasure to work with. They got the job done quickly and expertly. They helped us every step of the way and provided us a very competitive proposal that helped us build a beach volleyball court that would fit our needs perfectly.

The addition of the Sand Court Experts beach volleyball court has been a great success. We've had terrific feedback from our residents. Some statements include "My absolute favorite part of Cocoplum," "The best thing we've ever done in Cocoplum," and "There are so many people on Sunday afternoons that people are waiting in line to get time on the court."

We highly recommend Sand Court Experts in designing and constructing beach volleyball courts.

Sincerely,

Joan Jimenez  
Vice President

Islands of Cocoplum Homeowner's Association
