Re: Letter of Reference

I am typing this letter of reference for Mr. Butch Hendrick of Sand Court Experts. Butch served as the general contractor for our 21-court Hickory Point Beach sand volleyball complex that was completed in July 2014.

Our project had a short turnaround time and a fixed budget. Butch managed to bring the project in on-time and under budget, which is a unique trait for any construction oriented business. From the custom shower, to the lightning, to the fully removable net systems, our project came out flawless. In addition, the venue is truly state-of-the-art in every way and Butch worked tirelessly to make it happen.

I would highly recommend Butch and his company as experts in sand court design and construction for your project. They know the sport and have the connections to help bring your project to life.

Please contact me directly if you have questions or require any additional information.

Best regards,

Steve Bishop, Executive Director/President
Florida Region of USA Volleyball, Inc.
